Your Event - Innovated

Let us
amplify your
experience!

As a full-service event management, production, promotion and booking company, we have been on all sides of the events industry.

Whether you need talent booked and managed, arrangement of your event logistics, promotional assistance or an entire event management package provided for your event, we can help.

We have worked with the best in the business, from national icons to international superstars. Our events cover venues big and small, including 15,000 capacity concerts, intimate comedy and music gigs, sporting fixtures, corporate hospitality, exquisite gala dinners, or boutique and unique degustation, fine-dining experiences.

All events need to have the right touch and the perfect talent to match the occasion. Take a look at how we can help you turn your ultimate vision into stunning reality.

Domestic Talent

From sporting stars, headlining comedians, successful businesspeople, experienced politicians, high-profile media personalities and record-breaking musicians, New Zealand has a wide variety of insightful, entertaining and professional artists, speakers, MC's and performers to make your event pop.

We can help you find the best talent for your event in any field you require. We can take care of all of your booking needs, as well as adding extra value by looking after logistics, artist liaison and detailed briefings and run sheets for you.

Global Talent

Add the most spectacular wow factor to your event with international superstars!

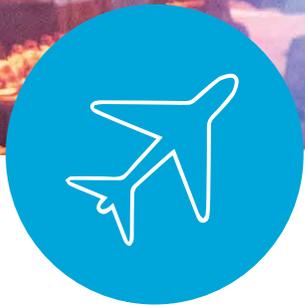

New Zealand is now firmly on the map for touring musicians, singers, comedians, speakers and more. If the timing and budget is right, then it is no longer impossible to have some of the biggest names in the world at your event, right here in Aotearoa.

Leave the most memorable impression on your clients and guests, and keep them talking about your event for months afterwards. Chat to us about your event and how big you are aiming. Often it is more achievable than you think.

Logistics

We can take care of all logistics surrounding the talent at your event. We make this easy by offering all-inclusive packages without countless additional expenses that agencies usually add on. You can deal with just one person and one price to cover the entirety of the talent's requirements. We can even supply artist liaison staff so everything is taken care of for you and the event runs like clockwork. This will ensure you look like an event maestro who the talent will want to work with again.
